## Simulation of Visual Impairment

Do you ever wonder what someone with a visual impairment actually sees? The following photos were created for ViewFinder by Dr. Robert Kanocz (also known as Dr. Noon's husband). The beautiful photos are of the Dale Chihuli Exhibition at the Arizona Desert Botanical Garden. The photos are now hanging in each of our offices.

Our mission is to improve the quality of life for those who are visually impaired through awareness, resources and solutions

## The Long Awaited Optelec Compact HD is Now Available

The new Optelec Compact HD is the first hand-held portable video magnifier offering superior images in **High Definition**. Experience a revolutionary breakthrough in electronic hand-held low vision technology with the **Optelec Compact 5 HD** portable video magnifier

In **High Definition**, you can now read from glossy magazines, letters, displays and price tags in two different ergonomic reading positions.

The Compact HD is lightweight, always in focus and easy to use. It is the first true replacement of the traditional optical magnifier that will grow with your needs featuring the lowest and widest magnification range from 1.5 to 18X zoom. The Compact 5 HD is small and light enough to fit in your pocket or purse and features a 5-inch wide-screen. The buttons are easy to see and operate. To meet your specific needs, each Compact 5 HD setting can be customized and saved.
