Eschenbach Magnifier Clearance Making Way for New Inventory Sale

For over 100 years, the name **Eschenbach** has become synonymous with quality optical products, customer satisfaction and durability. Throughout its history, **Eschenbach** has become renowned for its continuous innovation. In fact, one of **Eschenbach's** company mottos is, "Innovation vor Augen" [in German], or "Innovation in Sight" [in English]. In fact, **Eschenbach** introduces more magnifying devices than all of its competitors combined.

ViewFinder has proudly sold **Eschenbach** low vision products since we opened in 1992. We currently have an overstock of some of our **Eschenbach** products and are expecting new inventory and a new line of **Eschenbach** hand held digital magnifiers. As such, we are offering 25% off on all **Eschenbach** optical magnifiers, telescopes and pre-made glasses.

We are also offering 50% off on selected **Eschenbach** hand held and desktop video magnifiers. This sale will end April 30, 2015. Please visit either of our offices or go to www.Eschenbach.com to see the complete line of products.

Computer Modification Class for the Visually Impaired

Please join the ViewFinder Assistive Technology staff for a review of ways to modify your computer, IPAD or cell phone for greater visibility. The class will be held in our Mesa office on April 23, 2015 at 10:00 AM and our Sun City office on April 16, 2015 at 10:00 AM. Please call to reserve a seat in a class. Bring your questions and learn ways to modify your computer products so that you can continue to use them despite a visual impairment.

iCanConnect

iCanConnect, the National Deaf-Blind Equipment Distribution Program (NDBEDP), provides free access to distance communication technologies to people with significant combined hearing and vision loss

iCanConnect provides distance communication technology, including smartphones, computers, video magnifiers (CCTV's), software, braille readers and accessories as well as training and support. For more information go to www.iCanConnect.com or locally call The Valley Center for the Deaf in Phoenix at (602) 267-1921.
