Dear ViewFinder Family,

After 39 years of practicing optometry, with 29 years as owner of the ViewFinder Low Vision Resource Centers, I have decided that it is time to retire to enjoy more time with my family and to take time to travel.

I want to thank you for allowing me to help you achieve your vision goals over these many years. I have had the privilege of meeting so many wonderful people and wish I could thank you all personally for the many wonderful memories that I will take with me into retirement.

ViewFinder opened in 1992

Dr. Lynne Noon, Dr. Robert Kanocz & their daughter Lauren. Dr. Kanocz saw patients at ViewFinder early on while also practicing optometry at the Costco in Avondale. You may also recognize Lauren as she worked at ViewFinder for many years while she went to school.

I recently sold my practice to Dr. Carlos Grandela whom many of you already know. Dr. Kallie Harrier, joined us just as COVID hit, and will now be working full-time with Dr. Grandela. I have confidence that they

Our mission is to improve the quality of life for those who are visually impaired through awareness, resources and solutions

will provide you with the best low vision rehabilitation. Your patient records will remain with ViewFinder so that the doctors can continue your care. You can learn more about our doctors by visiting our website www.ViewFinderLowVision.com.

I would also like to thank the members of Arizona's multi-disciplinary low vision rehabilitation team for their support and friendship. It takes a village to provide low vision rehabilitation and in Arizona we are blessed with a great multidisciplinary team of OD's, MD's, OT's, CLVT's, TVI's, CVRT's, O&M instructors and all of the many people who work for the various agencies that serve the visually impaired person.

Thank you again for all of your support, friendship, laughter and tears that we have shared. Please know that you will be missed.

Sincerely,
Lynne Noon
